Janet,

I am forwarding a copy of this directive letter due to the notice that Elena Joy Pelen has separated from the DTSC. This is a pending closure for a former small petroleum UST that was within the area of investigation for the Marchant/Whitney case (DTSC Envirostor 60001628), and was discovered due to work associated with that site. Because it was within the area, ACDEH has kept DTSC apprised to the status of the case. Likely this is only a formality.

Should you have any questions, please let me know.
