Eric,

Your extension request for the work plan submittal to January 19, 2018 has been approved.

Regards,  
Keith Nowell

**Subject:** RO3188 - Request for Extension

Hi Keith,

On behalf of Mr. Quiambao I am requesting and extension until January 19, 2018 for submittal of the Data Gap Investigation Workplan. The extension is requested to allow additional time to further attempt to locate monitoring wells that may still be present at offsite locations (all onsite wells are gone); evaluate the status of the USTCF claim and supporting documentation provided for this case; and for preparation of the requested workplan.

Please contact me if you have any questions.

Best Regards,

Eric Kirkegaard, VP
