Hi Becky,

As of this time, the document(s) have not been received for my review. My project manager appears to have some available time next Thursday. I will schedule a meeting for then and hope the documents will be available for review prior to the meeting.

Please include the Alameda County Environmental Health (ACEH) case file number in the subject line in future correspondences with this agency.

Regards,
Keith Nowell

Hi Keith,

I wanted to check back with you about having a meeting this week to review the results of recent testing at 411 W. MacArthur, Oakland. The report was uploaded to GeoTracker and the County website on Tuesday.

Please let me know which day and time will work for you.

Thank you.

Becky
