Dear Mr. Herndon

Alameda County Environmental Health (ACEH) staff would like to schedule a kick off meeting to discuss the subject case with you. ACEH understands that the purpose of opening the Voluntary Remedial Action Program (VRAP) case is to pursue a residential closure for the ACEH Local Oversight Program (LOP) case Unocal #3538, case number RO0000251 and GeoTracker Global ID T0600101472, which was closed to the existing commercial land use.

ACEH is available between the hours of 10 and 11:30 AM on the following dates in the first half of January 2016: Friday the 8<sup>th</sup>, Wednesday the 13<sup>th</sup>, Thursday the 14<sup>th</sup> and Friday the 15<sup>th</sup>. Please respond to this meeting request at your earliest convenience. Propose other dates and times if your schedule does not accommodate the aforementioned dates.

In addition to the providing ACEH with the proposed dates/times, please provide ACEH with a list of attendees, including their contact information, that you wish to be notified and invited to the meeting. Once placed on the calendar, ACEH will send out an E-vite to the meeting attendees.

Changes to a more conservative of land use, such as commercial to residential, may be dependent on the proposed development for a site. Therefore, ACEH requests that proposed development plans, if available, be brought to the meeting to be included in the discussion.

Thank you,  
Keith Nowell
