Subject: Site Cleanup Program (SCP) Case RO0003249 and GeoTracker Global ID T10000010431, Waltz Living Trust (Non-Petroleum UST), 1818 Everett Street, Alameda, CA 94501

Hello Mr. Waltz:

As described in Alameda County Department of Environmental Health's (ACDEH's) June 9, 2017 Directive Letter the closure process for the Fuel Leak Case No. RO0003193, Waltz Living Trust, 1814 Everett Street, Alameda, CA 94501 will commence because the funds for the new Site Cleanup Program (SCP) case (RO0003249) have been received. Thank you for submitting the funds.

The Directive Letter incorrectly listed the address of the new SCP case as 1814 Everett Street, but the correct SCP case address is 1818 Everett Street. The August 11, 2017 *Work Plan Addendum* prepared and submitted on your behalf by Eras Environmental, Inc. describes work proposed for the new SCP case, RO0003249, 1818 Everett Street, Alameda, CA 94501 but references the Fuel Leak Case RO0003193, Waltz Living Trust, 1814 Everett Street, Alameda, CA 94501. The *Work Plan Addendum* was uploaded to Geotracker and ACDEH's ftp site under RO0003193. To facilitate attributing the Work Plan to the correct case number and address, I'll reject the *Work Plan Addendum* on Geotracker, and request the consultant make the following revisions, then submit the Work Plan to Geotracker and ACDEH's ftp site under RO0003249.

ACDEH requests the following revisions to the *Work Plan Addendum* and resubmittal to ACDEH's ftp site and to Geotracker:

- a. Please revise the document's title, case number and site address to: *Work Plan*, Site Cleanup Program (SCP) Case RO0003249 and GeoTracker Global ID T10000010431, Waltz Living Trust (Non-Petroleum UST), 1818 Everett Street, Alameda, CA 94501.
- b. Please upload the revised *Work Plan* to RO0003249 in Geotracker and ACDEH's ftp site.

Thank you,

Karel Detterman, PG
