Keith:

As requested, please find the Soil Import Management Plan and the Soil and Groundwater Management Plan complete with signed subcontractor agreements (Appendix A). We have also include a copy of the City of Oakland building permit for the project. I will have these uploaded onto Geotracker by early next week.

I would also like to request a 2-week extension for the submittal of the Air Monitoring Addendum Report that was asked for in your 16 August 2018 letter. The letter set a 31 August 2018 due date for this report and we would request an extension for a 14 September 2018 submittal date.

Please contact me if you have any questions.

Thanks,

John Lucio
