**Subject:** RE: Notification for 1550 Park Ave, Emeryville

Karen,

Thanks for the advise. PCE and daughter product impacts from the adjacent site are high on our list of concerns for unrestricted use at 1550 Park Ave, and will be evaluated. The data to be generated (soil, groundwater, and soil vapor along the northern property line and elsewhere, at least initially) is likely to be of some use to the DTSC case.

**Subject:** RE: Notification for 1550 Park Ave, Emeryville

Please be aware that this is adjacent to a site with contaminated groundwater and soil vapor and indoor air issues. Please take the into account when evaluating this site for unrestricted use.

Karen
