The above referenced site is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Department of Environmental Health (ACDEH) for the investigation and cleanup of environmental contaminants at the site. Site investigation and cleanup activities have been completed and it does not appear that residual contamination presents a risk to human health and the environment, provided the Site Management Plan (SMP), dated September 7, 2017 and Land Use Covenant (LUC), dated September 28, 2017 are followed. Therefore, ACDEH is considering closure of the case. Annual and 5-year review reports are required to document compliance with the SMP and LUC.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACDEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). Please send written comments to Mark Detterman at ACDEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. **Comments received by December 12, 2017** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACDEH caseworker, Mark Detterman at 510-567-6876 or by email at mark.detterman@acgov.org. Please refer to ACDEH case RO0003202 in any correspondence.
