Subject: Re: 94th and International Low Income Residential Development

Hello Jerry,

I'm following up on this. Can you let me know the status? Our contractor is scheduled to start soil remediation approx. January 14th.

Thank you,
Lauren

Lauren,

Thank you for submitting the application. We did receive two reports for this site from Jim Gribi. We will review the reports and application and should get back to you within the next few days. If the site is accepted into our Voluntary Remedial Action Program, we will open a case administratively, send notifications to the state agencies, and send back a site-specific agreement with a case number for signature.

Regards,
Jerry Wickham
Alameda County Environmental Health

Hello Jerry,

I've attached the signed Request for Voluntary Remedial Action Agreement for this project. I believe our consultant, Michael Kara, already sent you copies of the soils investigation reports.

Please let us know next steps.

Thank you,
Lauren Brewer
