Subject: Consideration for Potential Case Closure for Site Cleanup Case (SCP) No. RO0003217 and GeoTracker Global ID T10000009292, West Sector of 1233 Bockman Road, San Lorenzo, CA 94580

Dear Mr. Shoeman:

Alameda County Department of Environmental Health (ACDEH) is considering closing the above referenced fuel case. As you are aware, numerous site investigations and soil gas monitoring events have been performed at the subject property to which you are named as the primary or active responsible party.

Public Participation

Public participation is a requirement for the case closure process. In order to notify potentially affected members of the public of the potential fuel leak case closure, ACDEH will distribute the attached *Notification of Potential Case Closure* to addresses in the immediate vicinity. The *Invitation to Comment - Potential Case Closure* requests that landowners or residents submit any comments or questions to ACDEH regarding potential case closure. ACDEH will consider all comments from the public prior to potential case closure. ACDEH will provide you with written notification if any comments are received during the following Public Comment Period:

- **May 10, 2017** – Public Comment Period Begins
- **June 9, 2017** – Public Comment Period Ends

Monitoring Well Destruction and Waste Removal Activities

After public comments have been addressed you will be requested to decommission the site monitoring wells and remove any remaining investigation, remediation, and well destruction derived waste from the site. ACDEH will request the well destruction in a separate letter following the conclusion of the public notification period.

If you have any questions, please call me at (510) 567-6791 or send me an electronic mail message at kit.soo@acgov.org. Online case files are available for review at the following website: <http://www.acgov.org/aceh/index.htm>.

Responsible Party(ies) Legal Requirements / Obligations

REPORT REQUESTS

These reports are being requested pursuant to California Health and Safety Code Section 25296.10. 23 CCR Sections 2652 through 2654, and 2721 through 2728 outline the responsibilities of a responsible party in response to an unauthorized release from a petroleum UST system, and require your compliance with this request.

ELECTRONIC SUBMITTAL OF REPORTS

Alameda County Department of Environmental Health's (ACDEH) Environmental Cleanup Oversight Programs, Local Oversight Program (LOP) and Site Cleanup Program (SCP) require submission of reports in electronic form. The electronic copy replaces paper copies and is expected to be used for all public information requests, regulatory review, and compliance/enforcement activities. Instructions for submission of electronic documents to the Alameda County Environmental Cleanup Oversight Program File Transfer Protocol (FTP) site are provided on the attached "Electronic Report Upload Instructions." Submission of reports to the Alameda County FTP site is an addition to existing requirements for electronic submittal of information to the State Water Resources Control Board (SWRCB) GeoTracker website. In September 2004, the SWRCB adopted regulations that require electronic submittal of information for all groundwater cleanup programs. For several years, responsible parties for cleanup of leaks from underground storage tanks (USTs) have been required to submit groundwater analytical data, surveyed locations of monitoring wells, and [other](#) data to the GeoTracker database over the Internet. Beginning July 1, 2005, these same reporting requirements were added to SCP sites. Beginning July 1, 2005, electronic submittal of a complete copy of all reports for all sites is required in GeoTracker (in PDF format). Please visit the SWRCB website (http://www.waterboards.ca.gov/water_issues/programs/ust/electronic_submittal/) for more information on these requirements.

ACKNOWLEDGEMENT STATEMENT

All work plans, technical reports, or technical documents submitted to ACDEH must be accompanied by a cover letter from the responsible party that states, at a minimum, the following: "I have read and acknowledge the content, recommendations and/or conclusions contained in the attached document or report submitted on my behalf to ACDEH's FTP server and the SWRCB's GeoTracker website." This letter must be signed by an officer or legally authorized representative of your company. Please include a cover letter satisfying these requirements with all future reports and technical documents submitted for this fuel leak case.

PROFESSIONAL CERTIFICATION & CONCLUSIONS/RECOMMENDATIONS

The California Business and Professions Code (Sections 6731, 6735, and 7835) requires that work plans and technical or implementation reports containing geologic or engineering evaluations and/or judgments be performed under the direction of an appropriately licensed or certified professional. For your submittal to be considered a valid technical report, you are to present site-specific data, data interpretations, and recommendations prepared by an appropriately licensed professional and include the professional registration stamp, signature, and statement of professional certification. Please ensure all that all technical reports submitted for this case meet this requirement. Additional information is available on the Board of Professional Engineers, Land Surveyors, and Geologists website at: <http://www.bpelsg.ca.gov/laws/index.shtml>.

UNDERGROUND STORAGE TANK CLEANUP FUND

Please note that delays in investigation, late reports, or enforcement actions may result in your becoming ineligible to receive grant money from the state's Underground Storage Tank Cleanup Fund (Senate Bill 2004) to reimburse you for the cost of cleanup.

AGENCY OVERSIGHT

If it appears as though significant delays are occurring or reports are not submitted as requested, we will consider referring your case to the Regional Board or other appropriate agency, including the County District Attorney, for possible enforcement actions. California Health and Safety Code, Section 25299.76 authorizes enforcement including administrative action or monetary penalties of up to \$10,000 per day for each day of violation.

 - b) Copy your Caseworker on the e-mail. Your Caseworker's e-mail address is the entire first name then a period and entire last name @acgov.org. (e.g., firstname.lastname@acgov.org)
 - c) The subject line of the e-mail must start with the RO# followed by **Report Upload**. (e.g., Subject: RO1234 Report Upload) If site is a new case without an RO#, use the street address instead.

SITE CLEANUP PROGRAM CASE RO0003217
GEOTRACKER GLOBAL ID T10000009292**

May 10, 2017

The above referenced site (see attached) is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Department of Environmental Health (ACDEH) for the investigation and cleanup of petroleum hydrocarbons and volatile organic compounds (VOCs) associated with an automotive service and repair shop with two hydraulic hoists used at the site. Site investigation and cleanup activities have been completed and it does not appear that residual contamination presents a risk to human health and the environment. Therefore, ACDEH is considering closure of the case.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACDEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). Please send written comments to Kit Soo at ACDEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. Comments **received by June 9, 2017** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACDEH caseworker, Kit Soo at 510-567-6791 or by email at kit.soo@acgov.org. Please refer to ACDEH case RO0003217 in any correspondence.
