Re: Chevron Site #306799  
5815 Market Street, Oakland, CA

Dear Mr. Watrous-Heyliger:

I am in receipt of your letter dated April 24, 2009 to Ms. Kelly Esters of Chevron requesting the environmental cleanup status of the referenced site. Your letter has been forwarded to me for response.

In 2006, Mr. Toan Nguyen requested Chevron perform a site investigation at his property located at the referenced address. A Site Investigation Workplan was prepared and Chevron conducted a subsurface investigation. A Subsurface Investigation Report documented the work performed including the installation of soil borings and wells. In addition, an Addendum to Subsurface Site Investigation was prepared. This documented the development and sampling of the wells. Both reports were provided to Mr. Nguyen.

In accordance with established reporting guidelines and procedures, the Subsurface Investigation Report and Addendum to Subsurface Investigation Report were submitted to the Oakland Fire Department for review and further guidance.

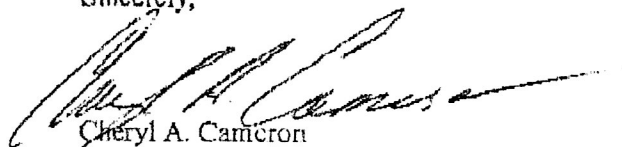

Chevron has made several attempts to contact the Oakland Fire Department to inquire about the status of review. To date, we have not received a response. Chevron has also contacted the Alameda County Environmental Health Department in an effort to determine the status of review. The contact information for the Oakland Fire Department is:

Oakland Fire Department  
Hazardous Waste Management Department  
250 Frank H. Ogawa Plaza, Suite 3341  
Oakland, CA 94612  
Leroy Griffin (510) 238-7759  
Keith Matthew (510) 238-2396  
Jesse Coopers (510) 238-7054

Mr. Mark Watrous-Heyliger  
Chevron Site #306799

Chevron can not proceed until further guidance is received from the appropriate oversight agency. If you have any questions, please do not hesitate to contact me at (805) 546-6940.

Sincerely,

Cheryl A. Cameron
