Dear Mr. Lau:

Craig Pelletier's comment is correct regarding what was discussed during meeting about soil gas sampling and analysis. ACDEH agrees that the draft work plan can reflect this stipulation.

Sincerely,

Anne Jurek, M.S.

Hi Anne,

Thanks for your email and letter. I wanted to clarify what was discussed at our meeting on September 27, 2016. We agree with the scope of the letter with the following exception. At the meeting we agreed that we would collect a soil gas sample from within the building; however, we were not going to run the sample for chemical analysis unless the soil/gw data indicated that there was a potential soil vapor concern. Our work plan to be submitted by November 11, 2016 will include this stipulation. Let me know if you have any questions.
