Hi josh...one comment if not too late. Can you add something along the lines of the County in our meeting, seemed very comfortable with the direction and solutions proposed by Langan and Iris, and it is our collective recommendation that we continue with the County for now. We will re-evaluate along the way, but for now they appear to be the best/fastest way forward.

Thank you,

Hi Keith and Mark,

Thanks again for meeting with our team on the 3000 Broadway Redevelopment project yesterday. We appreciate your help and insight. Our summary of the meeting is attached. Please let us know if there is anything you'd like to revise or add.

We checked in with James Wong yesterday and apparently he sent our permits to the wrong department but was working to get them approved this week. As discussed yesterday, can you email us an approval to move forward with our March 25<sup>th</sup> and 29<sup>th</sup> drilling dates to begin the data collection? We will upload a copy of the work plan (which we discussed yesterday) this week.

If you could also send us the example of the fact sheet we discussed yesterday, that would be very helpful.

I hope you enjoy the conference in San Diego next week and we look forward to continuing to work with you on this redevelopment project.

Please feel free to contact me with any questions or concerns.

Best Regards,
