Subject: RE: Extension Request for Submittal of Data Gap Investigation Report - 170 Woodland Way, Piedmont (Fuel Leak Case RO0003256)

Brent and Marcia,
Thanks for the status update. I've extended the deliverable date due to circumstances beyond your control. Geotracker already reflects the revised date.

Subject: RE: Extension Request for Submittal of Data Gap Investigation Report - 170 Woodland Way, Piedmont (Fuel Leak Case RO0003256)

Hi Mark,

Per our email notification dated March 6, 2018, Wheeler Group Environmental LLC conducted sub-slab vapor sampling at the subject residence on Friday, 3/9/18. We received a preliminary data report from Torrent Lab on 3/15/18, presenting the TO-15 VOC results (only) for the two sub-slab vapor samples collected at the Site; the diesel-range organics by TO-17 were not available at this time due to instrumentation problems. Per this morning's email correspondence with Torrent, the instrumentation used for TO-17 analysis is still not functioning, with repairs not anticipated until next week.

On behalf of Marcia Redford, due to unavailable lab data, we will not be able to complete our Data Gap Investigation Report for the subject property by the revised deadline of 3/23/18, and we request an additional 2-week extension for submittal of the report until April 6, 2018.

Brent,

Thank you for the update. Based on the current schedule, ACDEH has extended the due date to March 23rd, per your request.

Should you need to document the extension, you can use this email.

I have updated Geotracker to reflect the change.

Regards,

Mark Detterman

Subject: Extension Request for Submittal of Data Gap Investigation Report - 170 Woodland Way, Piedmont (Fuel Leak Case RO0003256)

Mark,

On behalf of Marcia Redford, Wheeler Group Environmental LLC is requesting an extension for submittal of our Data Gap Investigation Report for the subject Fuel Leak Case RO0003256 at the private residence located

at 170 Woodland Way in Piedmont, CA. The Data Gap Investigation Report was requested in your conditional Work Plan Approval Letter dated 11/28/17, and is due on February 9, 2017.

Wheeler Group has recently contracted with Mrs. Redford to implement the approved Data Gap Investigation work at the Site, and is tentatively scheduled to conduct field drilling and sampling activities on February 13 & 14, 2018, with proposed investigative samples to be submitted for laboratory analysis on a standard 5-day turnaround time. Wheeler Group is requesting an extension until March 23, 2018 to complete all subsequent site investigation work and submit the Data Gap Investigation Work. Please contact us with any questions or concerns.

Thank you for your assistance on this project.
