Dear Denise Cunningham and Clifford Nguyen:

Alameda County Department of Environmental Health (ACDEH) has reviewed the case file associated with the above referenced property (the Site), including the *Building 7 Vapor Mitigation System Construction Completion Report*, dated October 24, 2018 (the "Building 7 Completion Report") prepared by PES Environmental, Inc.(PES) on behalf of Fremont State Center, LLC. The Building 7 Completion Report documents the installation of the vapor migration engineering controls (VMECs) within Building 7 of the subject property and the results of associated performance evaluation and construction quality control and quality assurance measures implemented as part of the installation process. Based on ACDEH's review of the case file and the Building 7 Completion Report, the installed VMECs appear sufficient to control unacceptable risk to potential occupants of Building 7 due to vapor intrusion of subsurface contaminants. With the provision that the information provided to this agency is accurate and representative of site conditions, no further remedial action or monitoring is required prior to occupancy of Building 7.

Therefore, ACDEH does not object to the City of Fremont approving Building 7 for residential occupancy provided post-closure maintenance, monitoring, and reporting activities are conducted in accordance with the following documents:

1. *Vapor Mitigation System, Trench Dams and Trench Plugs, Operations and Maintenance Plan* dated February 28, 2018 prepared by PES;
2. *Covenant and Environmental Restriction on Property*, Locale at State Street, Fremont, California, Land Use Covenant (LUC) recorded on March 2, 2018.

This letter provides ACDEH's clearance for occupancy of Building 7 of the subject development only.

ACDEH looks forward to continuing to work with you and your consultants to advance the case toward closure. Should you have any questions regarding this correspondence or your case, please contact the primary caseworker, Mark Detterman who can be reached by phone at (510) 567-6876 or by email at mark.detterman@acgov.org.

Sincerely,

Mark Detterman, PG 4799, CEG 1788
Senior Geologist
Senior Hazardous Materials Specialist
Local Oversight and Site Cleanup Program

Jonathan Sanders
Senior Hazardous Materials Specialist

Responsible Party(ies) Legal Requirements / Obligations

Alameda County Environmental Cleanup Oversight Programs (LOP and SCP)	REVISION DATE: December 14, 2017
	ISSUE DATE: July 25, 2012
	PREVIOUS REVISIONS: September 17, 2013, May 15, 2014, December 12, 2016
SECTION: ACDEH Procedures	SUBJECT: Responsible Party(ies) Legal Requirements / Obligations

REPORT & DELIVERABLE REQUESTS

Alameda County Department of Environmental Health (ACDEH) Cleanup Oversight Programs, Local Oversight Program (LOP) and Site Cleanup Program (SCP) require submission of all reports in electronic form to the State Water Board's (SWB) GeoTracker website in accordance with California Code of Regulations, Chapter 30, Division 3, Title 23 and Division 3, Title 27.

Leaking Underground Fuel Tank (LUFT) Cases

Reports and deliverable requests are pursuant to California Health and Safety Code Section 25296.10. 23 CCR Sections 2652 through 2654, and 2721 through 2728 outline the responsibilities of a responsible party (RP) in conjunction with an unauthorized release from a petroleum underground storage tank (UST) system.

Site Cleanup Program (SCP) Cases

For non-petroleum UST cases, reports and deliverables requests are pursuant to California Health and Safety Code Section 101480.

ELECTRONIC SUBMITTAL OF REPORTS

A complete report submittal includes the PDF report and all associated electronic data files, including but not limited to GEO_MAP, GEO_XY, GEO_Z, GEO_BORE, GEO_WELL, and laboratory analytical data in Electronic Deliverable Format™ (EDF). Additional information on these requirements is available on the State Water Board's website (http://www.waterboards.ca.gov/water_issues/programs/ust/electronic_submittal/)

- Do not upload draft reports to GeoTracker
- Rotate each page in the PDF document in the direction that will make it easiest to read on a computer monitor.

GEOTRACKER UPLOAD CERTIFICATION

Each report submittal is to include a GeoTracker Upload Summary Table with GeoTracker valid values¹ as illustrated in the example below to facilitate ACDEH review and verify compliance with GeoTracker requirements.

GeoTracker Upload Table Example

Report Title	Sample Period	PDF Report	GEO_MAPS	Sample ID	Matrix	GEO_Z	GEO_XY	GEO_BORE	GEO_WELL	EDF

SECTION: ACDEH Procedures	SUBJECT: Responsible Party(ies) Legal Requirements / Obligations

ACKNOWLEDGEMENT STATEMENT

All work plans, technical reports, or technical documents submitted to ACDEH must be accompanied by a cover letter from the responsible party that states, at a minimum, the following: "I have read and acknowledge the content, recommendations and/or conclusions contained in the attached document or report submitted on my behalf to the State Water Board's GeoTracker website." This letter must be signed by the Responsible Party, or legally authorized representative of the Responsible Party.

PROFESSIONAL CERTIFICATION & CONCLUSIONS/RECOMMENDATIONS

The California Business and Professions Code (Sections 6731, 6735, and 7835) requires that work plans and technical or implementation reports containing geologic or engineering evaluations and/or judgments be performed under the direction of an appropriately licensed or certified professional and include the professional registration stamp, signature, and statement of professional certification. Additional information is available on the Board of Professional Engineers, Land Surveyors, and Geologists website at: <http://www.bpelsg.ca.gov/laws/index.shtml>.

UNDERGROUND STORAGE TANK CLEANUP FUND

For LUFT cases, RP's non-compliance with these regulations may result in ineligibility to receive grant money from the state's Underground Storage Tank Cleanup Fund (Senate Bill 2004) to reimburse the cost of cleanup. Additional information is available on the internet at: https://www.waterboards.ca.gov/water_issues/programs/ustcf/

AGENCY OVERSIGHT

Significant delays in conducting site assessment/cleanup or report submittals may result in referral of the case to the Regional Water Board or other appropriate agency, including the County District Attorney, for possible enforcement actions. California Health and Safety Code, Section 25299.76 authorizes enforcement including administrative action or monetary penalties of up to \$10,000 per day for each day of violation.
