**Subject:** Pacific West Communities; 10550 International / 105th Avenue, Oakland, CA

Mr. Vollmann and Candell,

This email is to provide the City of Oakland with notification that an environmental case has been opened for the Pacific West Communities Redevelopment (RO0003332, and Global ID T0000012108) of nine parcels near the intersection of International and 105<sup>th</sup> Avenue. Due to past land uses, a Public Notification Fact Sheet will be issued for the site(s) due to the potential to encounter residual contamination that has not been discovered. Timing of the fact sheet has not been established yet, but is pending the submittal of documents to the Geotracker website for the project, and the review of an updated Soil and Groundwater Management Plan (SGMP) that has not been submitted.

Should you have questions, please let me know.
